

WiSTEM²D Programme and Awards Ceremony

The University of KwaZulu-Natal in partnership with Johnson & Johnson cordially invites you to a virtual presentation of the WiSTEM²D Programme and Awards Ceremony

The Women in Science, Technology, Engineering, Mathematics, Manufacturing and Design (WiSTEM²D) Programme is an initiative by the Johnson & Johnson Family of Companies with a vision to build a diverse STEM²D Community by enabling women's representation to reflect global demographics, thereby expanding the idea-base to improve healthcare and help people everywhere live happier, healthier lives.

With a mission to inspire girls and women in their pursuit of STEM²D studies and careers globally, in 2020, the Johnson & Johnson Family of Companies generously awarded 20 scholarships to deserving students at the University of KwaZulu-Natal.

This initiative celebrates 20 deserving women in science students at UKZN within the College of Humanities and College of Agriculture, Engineering and Science as well as recognises the positive impact of the WiSTEM²D Programme.

Please join us:

Date: 24 August 2021
